Comments (including type of equipment and location, per C2(e), if applicable)

Per the referenced flood insurance rate map, this lot is in a Zone "X" unshaded designated area. However, per the recorded subdivision plat, the Base Flood Elevation (100 year headwater) at this lot is 901.10 with a required minimum finished floor elevation of 904.10. This house and lowest adjacent grade to the house is above and out of the 100 year flood plain. W. D. Gray and Associates, Inc. did not participate in establishing the Base Flood Elevation. The machinery in section "C" (C2e) is an outside HVAC unit. Sq. Ft. in section "A" are approximate. The Latitude and Longitude was determined using google earth.
